The world of Ember Rise is where a great power, which is shaped in the form of the Elden Ring, exists. It was created by an unknown ancestor spirit and reaches a maximum diameter of the earth. From the center of this ring was born the first humanity, which had been fashioned by the power of the Elden Ring. But when two destinies became one, a new world called the Lands Between was born. The same power that appeared as a symbol of the unity of mankind has now turned into a power of destruction. The world is filled with fear and awe, and the content and ability to proceed have been sealed by many enchantments. It is in the Lands Between that you must find a way to defeat the gods of destruction, and return the Elden Ring and the power contained within it to the center of the universe. In this RPG, you will not only have to explore the expansive 3D world, but you will also be called upon to work together with the other party members and defeat fierce enemies as you forge your own destiny in this fantasy world. ♦Compatibility * Behold the Power of the Thunderbolt! Battle Evolving Battle not on the field of battle, but in the mind. The fight between the two is decided by your character's soul, not by your physical strength. • Combine your Soul Elements With your weapon, armor, and magic, pick from up to a maximum of four elements, and combine them to form an indestructible soul. • Your Tarnished Soul Your soul that allows you to challenge the enemy with your unique skills, or better yet, "create a technique" with elements that have been enhanced by death and decay. • AI Driven Enemies AI-controlled enemies appear and behave in accordance to situations. Their actions occur simultaneously and move in a coordinated manner in a way that is similar to a living creature. THE NEW FANTASY ACTION RPG. Epic items are items that allow you to make your character stronger, manipulate time, or become a god. • Rise in Level and Become Stronger Your epic items will acquire the remaining "level" that you did not use to upgrade to them, and you can use their "Attack" or "Defense" stats to increase your health or increase your damage. • Manipulate Time Your epic items will be able to manipulate time in any way that you want. • Become a God Your epic items will be able to become a god. • And More Up to 10 epic items can be equipped in any order. • Difficulty Adjust the difficulty of the dungeon and the monsters by selecting a level based on your ability. The higher the level, the more difficult the monsters will be, but it also means that you will advance more. THE NEW FANTASY

What's new:

The circle is closing. As the leader of the district of Salus Bellum, it is your responsibility to gather the people of the Calvados region of Sassenage, draw the Elden Ring, and curb the violent uprising from the throne. We, the 3000 people of Uralus, await the start of The Days of Reckoning!

Uralus ★★ ★★

After we announced the Sunrise Update of The Days of Reckoning, some players have been asking us about how we are planning to raise the game's difficulty for those who are looking for a challenge. Of course, we agree with these requests, and so we are increasing the number of resources that a single spirit consumes.

2 / 48

In order to ease the burden on the server, we are planning to increase the number of resources that one spirit consumes at once by 100%. For veterans of The Days of Reckoning, this means that one day, (October), you will have the opportunity to buy great gear items at a 50% reduced cost!

Event information & News & Future Content

The content of the Sunrise Update of The Days of Reckoning will be released with PTS during upcoming downtime. Afterwards, we plan on increasing the frequencies of new voice lines as well as new content. At the moment, we aren't giving any further details, but please look forward to it!
